

**IN THE CLAIMS:**

Please amend the claims as follows. The listing of claims provided below will replace all prior versions and listing of claims in this application.

1-22 (canceled)

23. (currently amended) A method of treating, preventing, or managing a dermatological condition selected from the group consisting of a scalp condition, a hair condition, and a nail condition in a patient comprising ~~which comprises~~ administering to the patient a therapeutically effective amount of: ~~a composition comprising:~~

~~hydrogen peroxide in an amount sufficient to cleanse the surface of the scalp, hair, or nails without substantial irritation thereof;~~

~~a hydrophilic moisturizing agent in an amount sufficient to facilitate hydration of the dermatological surface;~~

~~a hydrophobic moisturizing agent in an amount sufficient to prevent moisture loss from the dermatological surface;~~

~~an exfoliant; and~~

~~one or more dermatological agents for treating, preventing, or managing the dermatological condition selected from an antimicrobial agent in an amount sufficient to at least inhibit microorganisms on the scalp, hair, or nails; and~~

~~an anti-inflammatory agent in an amount sufficient to reduce inflammation of the scalp, hair, or nails; or a combination thereof.~~

24. (original) The method of claim 23, wherein the antimicrobial agent is selected from an antibacterial, antifungal, antiviral, an anthelmintic, and combinations thereof.

25. (currently amended) The method of claim 23, wherein the hydrogen peroxide, the hydrophilic moisturizing agent, hydrophobic moisturizing agent, exfoliant, ~~and the antimicrobial agent, and anti-inflammatory agent~~ one or more dermatological agents are administered topically.

26. (original) The method of claim 25, wherein the topical administration is by a gel, paste, cream, lotion, emulsion, shampoo, or ointment.

27. (currently amended) The method of claim 23, wherein the hydrogen peroxide, the hydrophilic moisturizing agent, hydrophobic moisturizing agent, exfoliant, ~~and the~~ antimicrobial agent, and anti-inflammatory agent ~~one or more dermatological agents~~ are administered concurrently.

28. (currently amended) The method of claim 23, wherein the hydrogen peroxide, the hydrophilic moisturizing agent, hydrophobic moisturizing agent, exfoliant, ~~and the~~ antimicrobial agent, and anti-inflammatory agent ~~one or more dermatological agents~~ are administered concurrently with at least one additional pharmaceutical composition for the prevention, treatment, or management of a dermatological condition.

29. (original) The method of claim 28, wherein the at least one additional pharmaceutical composition is selected from yellow dock, bupleurum, poria cocos, gentian root, myrr gum, hawthorn berry extract, rosemary extract, wild yam root, wild yam extract, marshmallow root, black cohosh, soy, ginger, an anti-oxidant, an immuno-enhancer, and combinations thereof.

30. (original) The method of claim 23, wherein the dermatological condition is at least one of psoriasis, folliculitis, rosacea, nail fungus, perioral dermatitis, seborrheic dermatitis, dandruff, or impetigo.

31. (original) The method of claim 23, wherein about 1 mg to 20,000 mg of the composition is administered.

32. (previously presented) The method of claim 23, wherein the dermatological condition is a scalp condition

33. (previously presented) The method of claim 23, wherein the dermatological condition is a hair condition.

34. (previously presented) The method of claim 23, wherein the dermatological condition is a nail condition.
